Capital Projects Approval General

- 4.1 All Capital Projects require both scope and budget approval and may have two approval stages; planning and implementation. Where appropriate, approval for both stages may be sought simultaneously, in which instance, the Final Approval Authority will be determined based on the combined budgeted cost of both stages.
- 4.2 Capital Projects may be approved in principle in advance of funding secured
- 4.3 Planning, review and implementation of all Capital Projects will be carried out by, and under the authority of, University administration in accordance with the following:
 - 4.3.1 (a) The University will fund all Capital Projects approved by the University Council.
