

8.5 BIM and VDC

8.5.1 Introduction

University of Calgary encourages design and construction teams to utilize Building Information Modeling (BIM), and Virtual Design and Construction (VDC). We are committed to adopting BIM / VDC as a tool for project documentation and development, record documentation and to support the Integrated Workplace Management System (IWMS).

8.5.2 BIM / VDC Requirement

All capital projects, new buildings, and projects of construction value over \$3 million are required to follow the University BIM / VDC Requirement.

BIM / VDC Requirements are addressed separately for the consultants and contractors, to make
