

which comprises faculty members and their research groups. Participation in the [Centre for Molecular Simulation](#) can also be envisioned. Moreover, within the [Quantum City](#) initiative of the City of Calgary, there could be opportunities for the successful applicant to explore.

Tier II candidates: must hold a Ph.D in chemistry, physics, biology, computer science or related area; be an excellent emerging researcher in computational aspects of quantum science and technology with an emphasis on theory, computation and applications in chemistry of quantum computing, quantum materials, quantum sensors, quantum communication (h)-cm

maternity, parental, or extended sick leave, clinical training, Covid-19-related interruptions, etc., may have their eligibility for a Tier II Chair assessed through the program's Tier II justification process. Please contact UCalgary's Office of Research Services for more information: ipd@ucalgary.ca. Further information about the Canada Research Chairs Program can be found on the Government of Canada's CRC [website](#), including eligibility criteria.

The applicant must be able to work effectively with people from diverse communities and cultures at the University of Calgary.

Application deadline is August 4, 2023.

Please apply online via the 'Apply Now' link. A complete application should be submitted in a single pdf, and include the following:

- Cover letter (1-2 pages)
- Current curriculum vitae
- Research Plan (1-3 pages)
- Teaching Philosophy (1-2 pages)
- Statement describing the candidate's contributions, or potential contributions to, Equity, Diversity, and Inclusion (EDI) along with their ability to work with a culturally diverse and international student, staff, and faculty body (up to 1 page)
- Names and contact information of three references

Questions and applications can be addressed to:

The Head of the Chemistry Department, Email: chem.info@ucalgary.ca

The University of Calgary has launched an institution-wide [Indigenous Strategy](#) in line with the foundational goals of [Eyes High](#)

The University of Calgary recognizes that candidates have varying career paths and that career interruptions can be part of an excellent academic record. Candidates are encouraged but not required to provide any relevant information about their experience and/or career interruptions to allow for a fair assessment of their application. Selection committees have been instructed to give careful consideration to, and be sensitive to the impact of career interruptions, when assessing the candidate's research productivity.

All qualified candidates are encouraged to apply; however Canadians and permanent residents will be given priority. In this connection, at the time of your application, please answer the following question: Are you a Canadian citizen or a permanent resident of Canada? (Yes/No)

To learn more about academic opportunities at the University of Calgary and all we have to offer, view our [Academic Careers website](#). For more information visit [Careers in the Faculty of Science](#).

The University strongly recommends all faculty and staff are fully vaccinated against COVID-19.

About the Faculty of Science

The Faculty of Science has been catalyzing change and inspiring discovery, creativity, and innovation for over 50 years.
