

GFC Principles for Setting the Academic Schedule:

- x The annual academic schedule will be shown to begin with the start of the Fall term and conclude with the end of the Summer term
- x There shall be a minimum of 60 days of instruction up to a maximum of 62 days of instruction in each of the Fall and Winter terms. Within these limits, where possible, the schedule should balance the days of the week, Monday to Friday, available for instruction
- x Courses taught regularly on Saturdays during Fall and Winter will normally meet 11 times for 3.5 hours (for a 3 unit course)
- x There will be a minimum of 10 days for classes and in each of the Fall and Winter terms

and Summer), which normally have a maximum of 12 weeks of classes. There are no formal block weeks in Summer term but, some courses are offered in a block format.
