

The AIM-HI Network Undergraduate Summer Student Stipend will provide funding to support First Nations,

Applications will be reviewed by a panel. The assessment criteria will include:

- Quality of the project description
- Supervisor and training environment
- Anticipated benefit to the student's academic success

Applicants will be notified by email if their application has been successful or not. Students must accept the award and provide the information required to process the stipend payment within 2 weeks of the notification, or the award will be considered declined.

Within 2 weeks of the start of the studentship, the student and supervisor will provide a detailed workplan for the project to aimhi@ucalgary.ca in order for funding to be released.

The student must participate in a minimum of 70% of the Summer Series sessions.

Awardees will present their project at an AIM-HI event, which may include the Summer Series, the Annual Retreat or a Community Research showcase, as agreed to mutually by the student and the AIM-HI Network Principal Investigators.

Awardees will acknowledge the Alberta Indigenous Mentorship in Health Innovation (AIM-HI) Network in any publications or presentations related to the summer research project.

Students will be invited to participate in the AIM-HI Network evaluation activities.

Late or incomplete applications will not be considered.

Students may only apply with ONE supervisor. Each supervisor may sponsor a maximum of TWO students per year.

Students may not hold another award for the same project concurrently. If the student accepts funding from another source (eg Alberta Innovates) they are to notify the AIM-HI Network immediately and the AIM-HI award will be cancelled.

For projects involving humans, animals or biohazardous materials, supervisors are responsible for obtaining research ethics approval and for ensuring that students receive the appropriate training and supervision to comply with the approved protocol.
